## Welcome to fragrant Lošinj!

Allow me to introduce myself: **my name is Pino and I'll be your host.** I'll tell you a tale about my island, Lošinj, which I love so much. The island has two towns named Lošinj: the bigger one is called little (**Mali Lošinj**), while the smaller one is called big (**Veli Lošinj**) – rather amusing, isn't it?

The island has a rich history, featuring sailing **vessels and brave captains and sailors** who have travelled the world. From those voyages they brought back a diversity of exotic plants, such as lemons, sequoias and Indian figs. Today, over **1,100 aromatic plants** can be found on Lošinj. So, don't forget to breathe deeply! The air is always fragrant on Lošinj!

But, my dear friends, you will be most delighted by the bottle nose dolphins. There are currently over **200 dolphins** living around Lošinj, thanks to its crystal-clear water and abundance of fish. **If you take a stroll along the beach, you may see their terrific leaps**, especially in the spring or autumn.

Visit me on Lošinj, I have so many more tales to tell!

*Yours, Pino.*

*Pino wishes you all the best and a wonderful rest!*

I'm so happy and fortunate to live in Lošinj's loveliest inlet, **Sunny Bay**. Here, under the shade of old pine trees, you can find the **Family Hotel VESPERA**. This is where we will get to know each other.

I spend every day with my little guests, and we always become good friends. **Nicely furnished playrooms**, an outdoor playground and the **Family Aqua Fun pools** are all at our disposal for many sporting and leisure activities. While we play, mum and dad can relax at the beach, the nearby wellness centre, or the restaurant.

So many of my good friends, and their parents, come back to Lošinj every summer! **Enjoy a perfect family holiday!**

### *A deep, restful slumber and then a day to remember!*

When I was just a little sapling, kids came to Lošinj to grow! Today, I'm a big tree, but **the kids still come because of Lošinj's healthy climate.** The Family Hotel VESPERA and I have prepared spacious and comfortable **family rooms** where you can enjoy a pleasant rest and sleep for hours on. After a good night sleep, you will be filled with energy and ready to play, sing and dance with me and my friends...

Once you return home, you'll see how much you grew! So, remember how tall you were before coming to Lošinj – and when you get back home, write to **tell me how much you've grown** 😊!

*How happy Pino feels when the kids eat healthy meals!*

My little friends have to be healthy, with their tummies full. So I prepared tasty meals for them. **Healthy food** tastes great, with plenty of cheerful and vivid colours! Just like my Hotel and nature itself on Lošinj!

I've made sure that there's a special 'Mums Corner' where your favourite meal can be prepared. I'm sure you'll like my restaurant, because I'm the happiest pine tree when I see my little friends enjoying their food to the fullest.

A fortified meal will give you enough energy to nimbly enjoy the many surprises I've prepared for you!

### *All day in the sun at Family Aqua Fun!*

Besides the sea and sun at the wonderful rocky and sandy beaches just below our Hotel, you can also enjoy the big family water world that we call Family Aqua Fun. Here we can spend all day frolicking in pools filled with seawater, playing hide-and-seek below big water mushrooms, taking pictures with water-spraying clowns, sliding down to the pools and sunbathing on the large terrace fashioned to look like a ship's deck.

All my little friends and their parents adore Family Aqua Fun. It's the most joyful place until dusk, when the fun moves to the Hotel's terrace ☺.

### Rub-a-dub-dub, we love the Pino club!

My colleagues, [trained children's activity coordinators](#), moderate the [Baby, Mini and Teen Pino Clubs](#). They make sure each day is filled with play and entertainment in an engaging, creative and educational manner. We teach our little friends from all over the world about bottlenose dolphins, sea captains and pirates. The playrooms are equipped with the highest-quality toys, while we have a special [PlayStation](#) competition room for teens.

The [Pino Club](#) is a small, creative, multi-lingual workshop, which produces veritable masterpieces every year.

[Join the Pino Club!](#)

■  
*An explosion of joyous activity!*

After a nice dinner, it's time for more singing and dancing before bed-time. The kids and activity coordinators present their choreographies, and I often see *genuine little superstars*. Sometimes my friends, professional singers, dancers and actors, gladly join us. The terrace of The Family Hotel VESPERA bursts with a bustle of joyous activity.

It is very important to me that my little friends have fun all day long. This is why we have specially-devised programmes of activities, sports and entertainment: so each child can find what he or she likes.

■  
When kids are happy and simply can't wait for the next day, *Pino is the biggest pine tree on Lošinj* ☺!

### Who's still afraid of fish?

Just a reminder to all those little curiosity-seekers who want to explore the undersea world: DON'T FORGET your snorkelling equipment! After all, you have to [meet all of the island's residents](#) if you want to boast that you've spent a summer on Lošinj.

For those who have an adventurous spirit, I'll gladly show where you can [ride a bike](#), [rollerblade](#), [play tennis](#), beach volleyball or some other sport, or enjoy a game of outdoor chess.

I love to sway my branches in the afternoon breeze with my old friends, my fellow pine tress – it's a good exercise for me ☺.
