BOUTIQUE HOTEL LOŠINJ

Boutique Hotel Alhambra & The Historic Villas

A HERITAGE OF HEALING, A LEGACY OF LUXURY

For guests with a refined taste...

Boutique Hotel Alhambra is the most luxurious hotel on the island of Lošinj. It is located in the beautiful Ćikat Bay, in an idyllic fragrant forest adjacent to the sea, protected from the winds by pine, agave and palm trees. Boutique Hotel Alhambra consists of two villas - Alhambra and Augusta, and a new modern part of the hotel. Alhambra was built in the style of a Mediterranean villa with a modern, simple facade that exquisitely blends with the surroundings. Alfred Keller, a prominent architect from Vienna, designed the building in 1912 inspired by Spanish architecture. Even 100 years ago, Alhambra was an example of a luxurious and superiorly equipped hotel. Adjacent to Alhambra is Villa Augusta, which was built in 1908 in the Secession style. With its facade lavishly decorated with stucco work, balconies with filigree railings and a beautifully shaped garden, it certainly deserves its name - Augusta - meaning divine. Connecting both villas is the new part of the hotel and the facade blends in with the forest, harmoniously joining the antique buildings. The private beach provides a perfect place to relax in the sunshine from early spring to late autumn. The restaurant offers exclusively selected delicacies and a carefully chosen list of the best beverages and an extensive wine list including excellent Croatian wines. Boutique Hotel Alhambra is definitely one of the most charming hotels on the island of Lošinj, a place where the spirit of time has perfectly fused with modern comfort and excellent service. An ideal vacation spot for discerning guests.
